Summer Newsletter!

Dear First Kid...

Inside this issue:

First Kid's Club Special News Report	1
Hey Mom & Dad!	1
Feature Story	2
Games Galore	2

Welcome to summer!!

By now, you should have received your free book from us in the mail – please enjoy reading it all summer long. (If you have not received yours in the mail, please let us know!) We hope it becomes a favorite in your collection!

With more free time during the summer, take advantage of helping out a family member or neighbor and maybe earning a few dollars. You know where we are when you need to make a deposit!

Don't forget to stop in and visit in Clifton or Watseka!

Hey Mom & Dad!

Did you know??

We have Mobile Banking!!

Available in the Google Play Store and the Apple App Store, download it on your cell phone by searching "Touchbanking". Look for the blue and white icon, and after you open the new app, enter the App Code: FTSBank1.

Important: This mobile app utilizes your existing User ID and Password for Internet Banking. The mobile app is just a convenient access method into your Internet Banking account, and anything you do on one will affect the other.

There's also a Text Messaging Mobile option. Visit the *What's New* page on our website www.ftsbank.com for more details!

Joke of the quarter:
What did the pig say on a hot summer day?

I'm bacon!

Feature Story: Summer Safety

Read below for ten ways to stay safe during summer!

1. Use insect repellent to help reduce bites from mosquitoes, ticks, fleas and other bothersome bugs. Those that don't contain DEET are safest.
2. Prevent tick bites and tick-borne illness by wearing light clothing and shoes, wear insect repellent, avoid grassy or wooded areas especially those that are moist or humid, and do a tick check every night.
3. Practice pool safety rules including no running and have a parent nearby at all times.
4. Practice playground safety by allowing a parent to check the equipment first, and wear playground-friendly clothes that don't contain strings or open toed shoes.
5. Always wear a properly fitted helmet while biking.
6. Avoid poison ivy plants by being aware of what the plants look like and wear clothing that covers a good amount of skin to reduce your risk.
7. Food poisoning can be caused by food that sits in the heat too long. Be aware of symptoms like nausea, stomach cramps, and vomiting.
8. Avoid the hottest part of the afternoon by staying in the air-conditioning or a cool place to avoid heat related illness.
9. Stay hydrated in the hot weather by drinking lots of water.
10. Wear sunscreen that is at least SPF 30 and apply it 15 to 30 minutes before going outside.

Games Galore!

Cross out what's wrong with the picture >>

Put a cross (X) on what is wrong. You should make 11 crosses.
