Secure Alerts via Online Banking are now sent in real-time!

- ⇒ Online Banking will be updated to give you much-improved notifications about your account activity. No more waiting until the end of the day to hear about something important.
- ⇒ WHEN: The new system will be available on July 27th. You will not be able to use the new system until then, and alerts set up prior to 7/27 will be deleted 7/30.
- ⇒ PLUS: The new system is bigger and better so you may want several new Alerts!
- ⇒ SET UP: You may be prompted to "ENROLL" the first time you log in on or after July 27th. If you do not complete that process you can choose "Contact Options" to activate your accounts on the new system.

- * **Log into Online Banking and Select Alerts.**
- * **Modify and activate your "Contact Options" (button) as needed.**
- * **Click Alert Options, then expand each category to view available options.**
- * **Select the Alerts you want, then check how to receive them.**
- * **Save your work, and try out your new alerts!**
